

## Rural/Agricultural Segment: SE Green Valley Rd to SE 424th St

**What does this segment look like today?**

One lane in each direction.

**SE Green Valley Road**

**SE 424th Street  
(Urban Growth Boundary)**

### ***What are the problems?***

**Safety:** A portion of this segment just north of SE 424th Street is part of a high accident corridor. The area around SE 400th Street is also classified as a high accident location. Collisions involving turns are the most common type of accident reported.

**Safety & Traffic Backups:** There is frequent truck traffic and limited opportunities to pass slower vehicles. Steep grades, slow trucks and other vehicles can create frequent traffic backups and safety hazards.
